Another year in Temple High School has come and gone. It is traditionally the purpose of The Cotton Blossom to serve as a permanent collection of words and pictures to remind you of your years here. As you glance through the pages of this 1955 edition of The Cotton Blossom, you will find that the emphasis is on you, the student--your school, your campus activities, your athletics program, and your recreational pursuits. It is the wish of the staff that you will find all of these phases of your high school life faithfully and pleasantly presented here, and that you will enjoy this annual to the fullest extent.

# ADMINISTRATION

A school is not a school without teachers. Temple High School is fortunate in having very competent instructors. In the school building itself we also have a principal, assistant principal, and a counselor. The school superintendent, the administrative assistant, the director of census and attendance, the music co-ordinator, and the school nurse have offices in the Municipal Building. In addition to these there are seven School Board members.

In order to receive a diploma from Temple High School one must have sixteen credits. The usual procedure in obtaining these is four years of schooling—freshman, sophomore, junior, and senior years. From the freshman's point of view these four years look like an eternity before him, but as they quickly pass by it seems to the graduating senior like only yesterday when he entered high school. With the passing of time each member of these classes advances in maturity, personality, and co-operation, as well as knowledge. He also develops many friendships that he will continue to carry throughout his life. As each student enters Temple High School he has a goal ahead of him. This may be college or a job after he has fulfilled his four years' work, but along with this hope he should begin and go through high school with the sincere desire to better his school and be a credit to his class.

If every student entering and leaving Temple High has this attitude, then he can proudly say—"I graduated from TEMPLE HIGH SCHOOL!"

# SENIORS

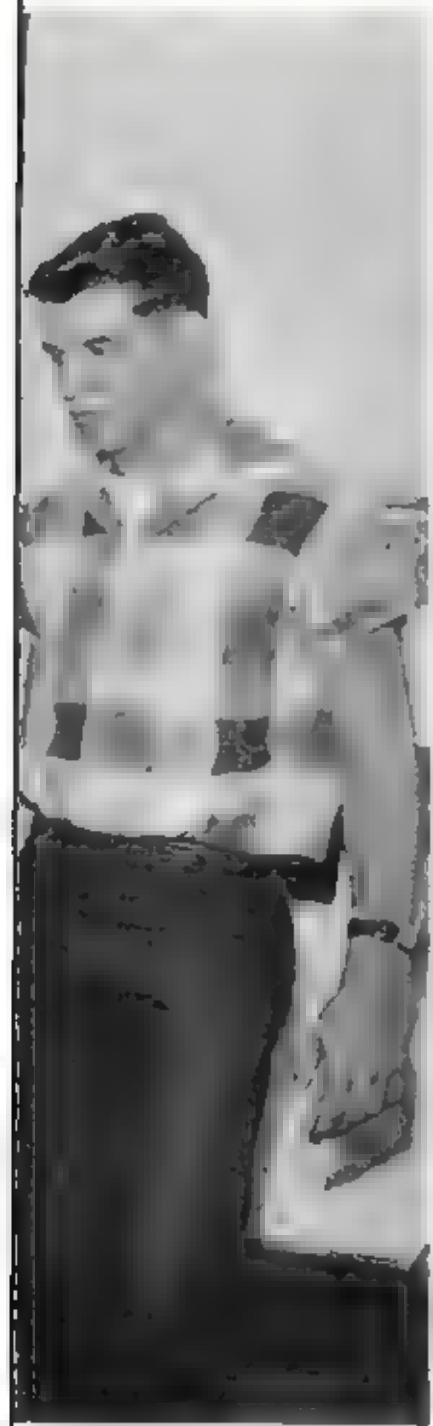

OFFICERS OF THE SENIOR CLASS. (Left to right, standing) Donald Davis, reporter; Charlene Mikeska, treasurer; Betty Powell, secretary; Harold Cartwright, sergeant-at-arms; Buddy Honeycutt, vice-president; Ed Kubala, sergeant-at-arms; (sitting) Clea Myers, president.

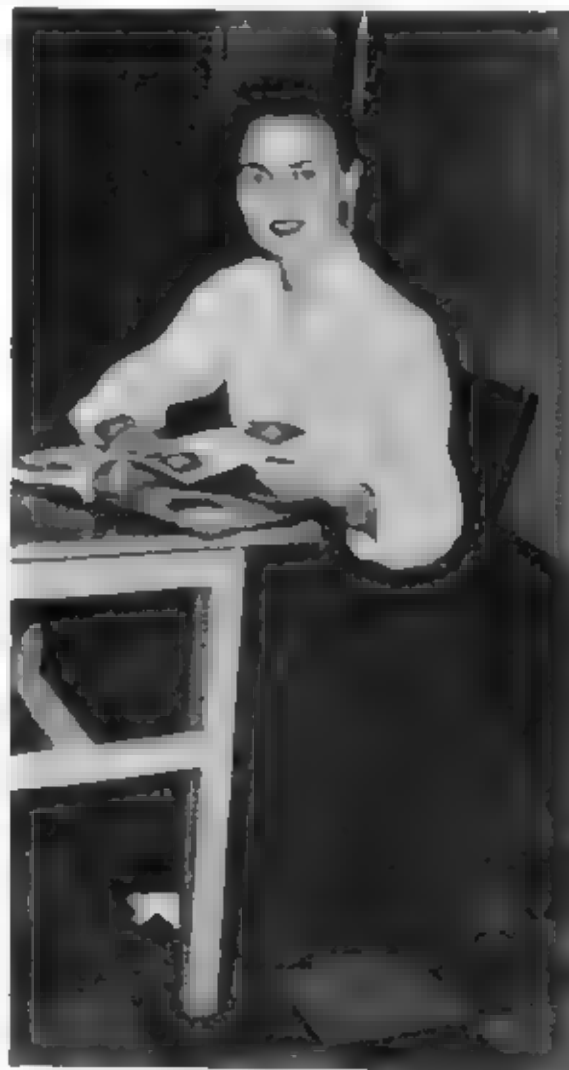

Reaching their goal at last, the senior class of '55 will leave the familiar halls of THS and strike out on their own separate paths of life. During the past four years this class has started from the bottom rung of the ladder and reached the highest, learning during this climb co-operation within the class and the true meaning of sportsmanship. The four years of high school are always looked back on with pleasant memories and it is certain that every member of the 1955 senior class will remember these years as the fullest and happiest ones of all his life.

With the first step of the climb behind them, the Sophomore class has made a good start. The class, having securely reached the second rung, will have more confidence during the remainder of the climb. At the very bottom of the ladder we find the Freshmen, just beginning their long and hard climb. The members of this class have heartbreaks and much work ahead of them, but the three years that are to come will also be three of the happiest years in their lives.

The extra-curricular activities of the students of Temple High School are many and varied. Every student has the opportunity to participate in the social life of our school. To have a well-balanced life it is necessary to have physical exercise and fun as well as classes and studies. We certainly have plenty of fun in Temple High.

As suggested by the adjoining picture the activities range from dancing and field day events to organizations like the Band, the Pep-perettes, and the Senior Choir. To belong to these organizations, and have fun doing it, does not require any special talent. All that is needed is the desire to make friends and to enjoy them. Many students, we believe, have this desire, if we may judge from the number who are active in our extra-curricular program.

In the following pages we have tried to help you retain, through the use of photographs, the memory of your numerous activities during the days you spent in Temple High School.

Marsha Gerloff, Marilyn Marshall, Ann Glasscock, and Beverly Henson carefully check copy of the Student Directories, published by the Student Council each year.

The Temple High School Student Council was founded in 1941-1942 by the principal, George H. Gentry.

Some of the activities of the Council are sponsoring dances after football games, publishing a student directory, assuming responsibility for the prayer at football games, giving weekly devotionals, supervising fire drills, sending get-well cards, sponsoring the annual Sportsman-ship Week, sponsoring good-will-tours, and sponsoring such movements as the Junior Red Cross, Santa Pals, and the March of Dimes.

Student Council Officers are elected each spring by the student body. In the fall each class elects five per cent of its membership to serve as representatives on the Council.

Melissa Morris and Allen Liles have just returned from one of the Student Council-sponsored Good Will Trips. Money raised during Sportsman-ship Week defrays the expenses of these trips.

The princesses and their escorts are, left to right, Marsha Gerloff, junior, escorted by Lane Lynch; Eva Vrba, sophomore, escorted by Bill Doss; Doris Dillard, freshman, escorted by Richard Miller; and Peggy Malinak, senior, escorted by Ben Franklin.

The Temple Country Club was the scene of the Sportsmanship Banquet, held before the game at which the identity of the Sportsmanship Queen for the year 1954-1955 was revealed.

One of the happiest events of Sportsmanship Week is the pre-game banquet, honoring the queen candidates, the princesses, and their escorts, from Bryan.

Miss Barbara Zurovec, Queen of Sports for 1953, and Miss Elizabeth Holden, sponsor, chat after the ceremony that crowned the Queen of 1954.

Also attending the banquet were the Pepperette captains, the Temple and Bryan drum majors, yell leaders, and Student Council officers. Other guests were Principal and Mrs. Newman Smith of Temple, Principal and Mrs. H.W. Cook of Bryan, Miss Elizabeth Holden, Mrs. Mildred Lancaster, and Mr. and Mrs. Durward Howard. The band president, Dwain Marshall, and Nancy Rodgers, designer of the crown, were also present.

The clubs and their activities help to make school more interesting for the students of Temple High School.

Club meetings are held after school at intervals of two weeks, three weeks, or four weeks. In addition to their meetings, the clubs have many activities outside of school. Parties, field trips, and conventions are a few of the social functions that the members enjoy.

The club meetings and socials provide excellent opportunities for meeting friends and excellent training for later life. Knowledge, as well as fun, is a product of the Temple High School club program.

Hi ya, Pal,

Who's the next victim, Girls.

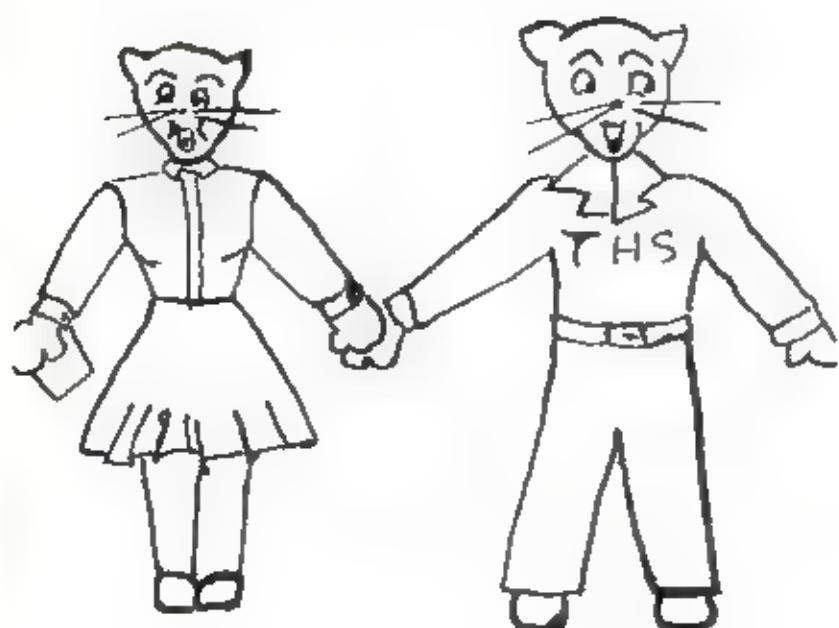

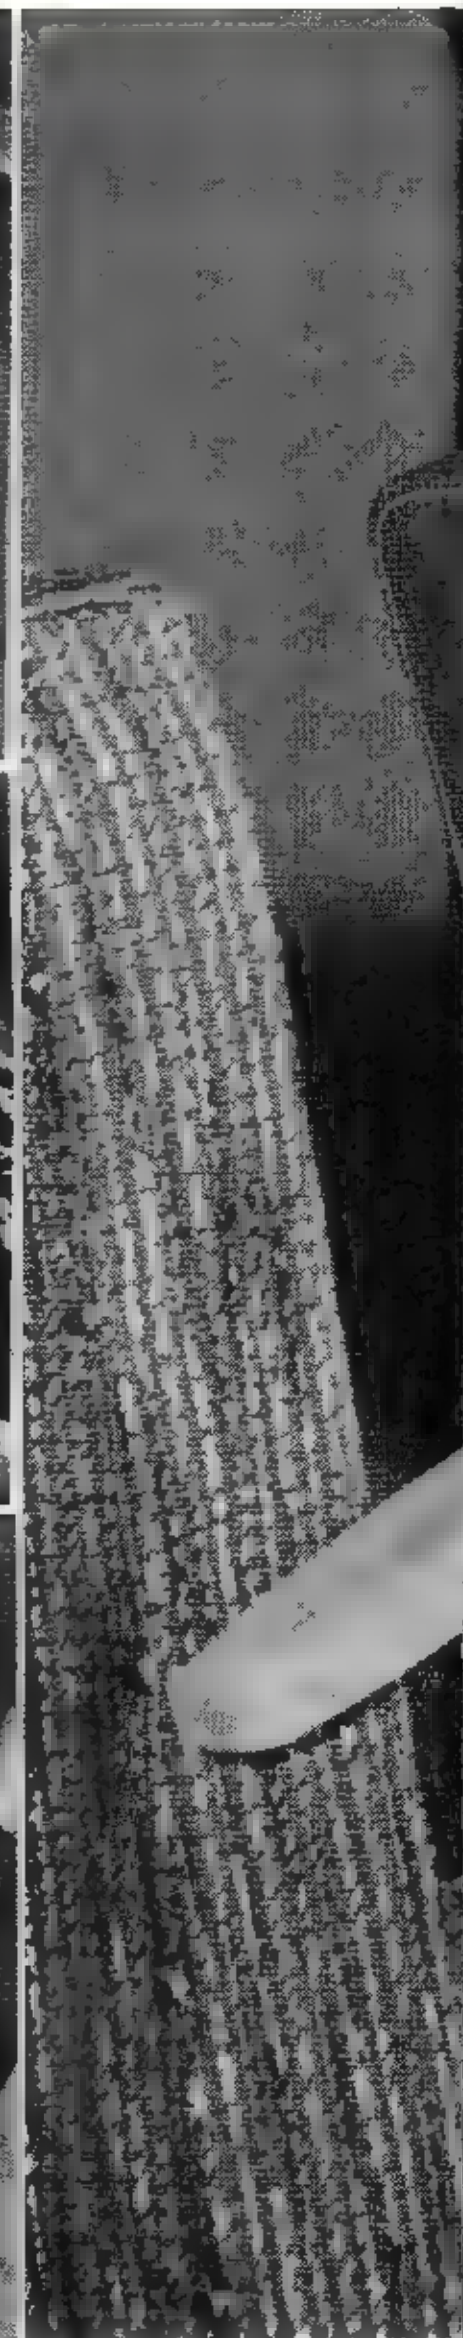

Wow!

Everyone has favorites--a favorite food, a favorite song, and favorite people. In Temple High School favorite people receive ample recognition. A boy and a girl from each class are elected by a majority vote of the members of their class. Then this boy and girl are the recognized favorites of their class, whether it be Freshman, Sophomore, Junior, or Senior.

Organizations also have favorites. They are called Sweethearts, and only one is selected by each organization. Sweethearts are a tradition in T.H.S., and this year has been no exception. The football and basketball teams, the Senior Choir, and the Band are among the many organizations whose Sweetheart is their favorite person.

This year we feel that each class and organization made a wise choice, and that the ones chosen really deserve to be called FAVORITES.

Athletic contests and sports of all kinds play an important part in the lives of the students of Temple High School. All students have the opportunity to participate in the sports of their choice. They may choose any one of the following: football, baseball, basketball, track, tennis, or golf. Temple High School students have always shown outstanding athletic ability, and this year has been no exception.

A spirit of sportsmanship is a vital part of our school, both in sports and in other activities. Fair play and sportsmanlike attitudes and conduct are distinguishing characteristics of Temple High students.

We hope that our traditions of sportsmanship and the high standards of our athletes will be upheld throughout the years.

Shining Proof  
ELECTRIC COOKING  
IS **CLEAN!**

A shining example of the cleanliness of electric cooking is the bright, brand-new look that stays with your pots and pans. Little or no scrubbing is needed because there is no soot to deposit on cooking vessels. Electric cooking...it's cool, it's safe, it's economical. See the new electric ranges at your dealers.

# TEMPLE JUNIOR COLLEGE

For the high school graduate the choosing of a college in which to continue his education is always an important matter for consideration. First of all, he wants to know that it is an acceptable, approved, and well-known college. Then it must offer the courses which fall within the field of work he wishes to pursue. There should be sufficient college activity to afford him a well-rounded social life. Consider how TEMPLE JUNIOR COLLEGE meets the graduates' requirements.

1. What is the academic status of TEMPLE JUNIOR COLLEGE?

Temple Junior College is approved by the Texas Education Agency and the Association of the Texas Colleges as a first-class junior college. It is an active member of the Texas Junior College Association and the American Association of Junior Colleges.

2. What Fields of study are available?

Preparatory courses in the fields of medicine, law, business, nursing, engineering, teaching and general education are available.

3. What college activities are accessible?

From the social point of view there are the Freshman and Sophomore receptions, club parties, college dances, class entertainments and Luncheon Club dinner dances. For general club activities there are the Pan-American Club, Business Club, Social Science Club, Dramatic Club, Delta Psi Omega, Do-Si-Do, College Council and others.

4. What activities are available that will enable me to obtain practical experience in my college work?

The "Leopard Tales," college paper, and the "Templar," college annual afford excellent opportunities in the field of journalism. The Junior College Radio Series offers opportunities in radio writing, production and presentation.

5. What are the qualifications of the faculty?

Scholarly and experienced faculty members are prepared to give constructive guidance and instructional service.
